

# GLOBE BUSINESS COLLEGE MUNICH

LET YOUR VA BENEFITS OPEN THE DOOR TO YOUR ACADEMIC FUTURE

As a member of the US military community (whether active duty, veteran, reservist, military spouse or family member) you are no doubt aware of the importance of higher education in the current economic climate. You know the difference an undergraduate or post-graduate degree can make to your career whether in or out of the service. Now is the time to use your educational benefits to your advantage.

As a recognized institution of the VA, Globe College has developed an educational offer that is geared to meeting your specific needs and making sure that your educational benefits work for you. At GBCM, you benefit from the fact that:

- All our programs are accredited with state recognition from countries within the European Union which means that you graduate with a qualification that is internationally recognized
- Our programs are structured in a flexible manner which means that you can complete all of your studies with us in Munich or transfer to top universities in America and around the world at the end of each year of study
- All of our courses are taught exclusively in English which means that you can study in the heart of Europe in your own native language
- Our educational concept is one that combines academic excellence with a very practical business orientation. This means that you gain an education that allows you to hit the ground running in the business world
- We are internationally focused in terms of our students, faculty and program content which means that you get to experience the real diversity that characterizes Europe
- Our strong network of industry partners ensures placements during studies and exciting career opportunities upon graduation. This means that you can gain valuable work experience in Europe.
- 90% of our management and faculty are native English speakers which means that we have the competencies required to develop, run and deliver programs in English and we understand your cultural background
- The fact that our classes are small (with a student to faculty ratio of 10:1) means that you get the attention you require to develop both personally and academically
